

The Hi-Touch: Peace of Mind PoS

A fully integrated PoS system

All-in-One Touch PoS

The Hi-Touch, Peace of Mind PoS for Retail and Hospitality

Suitable for retail and hospitality, the Ultra Low Voltage, energy efficient operation of the Hi-Touch is ideal for the environmentally aware business. Its compact size and variety of available peripherals delivers a fully flexible system which can be optimized to suit your needs.

Technology is an essential ingredient for effective operations in retail and hospitality. In these demanding and cost conscious environments, it is essential that POS technology supports staff and serves customers through a combination of hardened design and performance specs.

Both ergonomically and environmentally conscious, this small footprint system is ideal for the most demanding customer service environments. The bright 15" screen has a IP43 rating to prevent water seepage into the unit which is an important consideration for the hospitality sector. It also utilizes a chipset and CPU which offer cost savings from low power usage. The system can also incorporate a customer facing screen for in-store promotion, information or advertising touch points.

Peace of mind PoS

All-in-One Touch PoS

Green Technology

We are committed to creating greener, more energy efficient products. The Hi-Touch;

- Provides retailers with an opportunity to reduce their carbon footprint
- Allows retailers to benefit from dramatically reduced energy bills
- High quality at an affordable price

In an effort to provide more sustainable technology, DigiPoS uses hard drives and motherboards with guaranteed life spans. This enables the retailer to upgrade and maintain their PoS systems for years to come without compromising their stores' integrity.

Features

- Dedicated powered port for a receipt printer
- Sealed external power supply increases reliability
- The Ultra Low Voltage design delivers power savings
- Compact size increases counter space
- The screen complies with IP43 standard
- Two year warranty

Options

- Cable cover
- MSR
- Smart Card Reader
- Fingerprint Recognition System - Digital Persona URU4500
- Pole Display
- Cash Drawer Controller
- Secondary LCD Display for in-store advertising & promotions
- Powered USB outputs available
- Microsoft WEPOS / XP Pro Embedded
- Compact Flash

Peripheral Options

DigiPoS DS800 Printer

The DigiPoS DS-800 has been designed for retail and is suited ideally for credit and debit card/POS transactions and can be deployed either in store or in the kitchen hospitality environment for example. With Ethernet, serial and parallel as standard the DS-800 has optional powered USB connectivity, whilst in terms of being retail ready in terms of durability the guillotine has a life expectancy of 1,000,000 cuts. The DigiPoS DS-800 is the performance printer that delivers at the right price.

DigiPoS EC-410/460 Cash Drawer

The DigiPoS EC series of rugged cash drawers have removable inserts with 8 coin / 5 note spaces. The drawers measure 16.1" x 16.3"x 4.3" for smaller environments, and 18" x 18.375" x 4" for larger requirements (W x D x H) .

We also stock...

Epson, Datalogic, Star, Honeywell, Verifone and Motorola.

Specifications

SYSTEM	HI-TOUCH	HI-TOUCH D525
PROCESSOR	Intel® Celeron M 1.5GHz (with speed controlled fan)	Intel® D525
MAIN MEMORY	1 GB DDR2 533 MHz – 200 Pin SODIMM (up to 2GB)	4 GB
CHIPSET	Intel® 852GM+ICH4M	Intel® ICH8M
GRAPHICS	Intel® AGP8X shared memory up to 32MB, support DVMT to 64MB. Supports dual VGA output	GMA3150
HDD	1 x 3.5" SATA	1 x 2.5" / SSD
LCD SIZE	15in TFT Panel with LVDS Interface	
TOUCH SCREEN	15in LCD Resistive Touch Panel (RS232)	
BRIGHTNESS	250 cd/m ²	
RESOLUTION	1024 x 768	
COMPACT FLASH	Compact Flash Card Socket (Type I / II) (OPTIONAL)	
PARALLEL	1 x LPT Port (SPP/EPP/ECP). IRQ and address selectable	
SERIAL	1 x dedicated to Touch, 4 x conventional DB-9, 1 x RJ45 for Customer Display	
USB	1 x 12V power USB, 1 x 24V power USB, 2 x rear accessible 2.0, 1 x front accessible 2.0	
PS/2	1 x combined keyboard & mouse port	
AUDIO OUTPUT	line-out	
LAN PORT	Intel® PRO 100 Ethernet Port on board (10/100 Base-T)	1GB LAN
DC OUTPUT	1 Hosiden 24V	
CASH DRAWER	1 x RJ11 Socket (12V/24V selectable)	
ANALOG VGA	1 x DB15 connectors	
SPEAKER OUTPUT	2 x 1W stereo speaker	
DC INPUT	1 x 24V Hosiden connector, 1 x 12V barrel connector	
POWER ADAPTER	DC 24V / 5A External Power Adapter (120W)	
DIMENSION (W X D X H)	13.75" (W) x 13.375" (H) x 12.625" (D) (350mm x 340mm x 320mm)	
COMPLIANT STANDARDS
